Army Public School (Central Board of Secondary Education)   **2019-20**
*10th with PCMB **Percentage - 89%***

COURSEWORK / SKILLS

- HTML
- CSS
- JavaScript
- ReactJS
- Data Structures & Algorithms

PROJECTS

Refokus UI Clone ⧉ | Tailwind CSS, JavaScript, ReactJS, Framer Motion   **Feburary 2025**
- Cloned the Refokus website using React.js, replicating its modern design, animations, and responsive layout. Delivered pixel-perfect accuracy and optimized performance for seamless cross-device functionality. Demonstrated expertise in React development and attention to detail, showcasing ability to build visually-driven, high-quality web projects.
- GitHub Link

TALA UI Clone ⧉ | Html, CSS, JavaScript, GSAP   **January 2025**
- Tried to clone a website of Tala who provides single ingredient fruit based snacks. Implemented an interactive web interface with HTML ,CSS and javaScript, enhancing user experience through engaging visuals and real-time results. Also added animations on scrolling using GSAP to beautify visual effects.
- GitHub Link

Bubble Game ⧉ | Html, CSS,Bootstrap, JavaScript   **December 2024**
- Completed this project while learning concepts of javaScript. It improved my logics and developed skills related to event bubbling in JavaScript
- GitHub Link

TECHNICAL SKILLS

Languages and Frameworks : C, C++, JavaScript, ReactJS
Tools : Git/GitHub, VS Code

EXTRACURRICULAR

DevUp, KIET Campus Club ⧉   **2023-2024**
Member
* Got an opportunity to interact and learn with seniors. There I started my Web Development journey and learnt HTML, CSS and responsive web designing. Also made a clone of Netflix using HTML and CSS.
